Teachers' Column

"The prime business of the schools is teaching and not examining."

Attendance for this month is excellent and on the increase. The school population of the county too has gained in the neighborhood of 200 children since opening of schools. Every school visited was found doing good hard work. The school boards too appreciate the standardization plan and are actively assisting the enthusiastic teachers to bring the schools up to the standard in equipment, beauty and comfort. The State School Inspector will visit our schools in January.

TEACHER'S REPORT

District No. 1, Ridgway, Lida Joseph, teacher.
Enrollment.....22
Attendance.....20
Tardiness.....0
Visitors.....0
Pupils perfect in attendance: 14 names not reported.

District 5, Hosna, Jessie Beason, teacher.

PULLMAN A SYNONYM FOR LUXURY

\$740 f. o. b. Factory

Synonymous of luxury, comfort and sturdiness in railway travel for more than half a century, the name Pullman has today an equal significance in the motoring world. It was in 1864 that George Mortimer Pullman built the first Pullman railway car at a cost of \$18,000.

With an ambition to produce an automobile worthy of that name, the manufacturers of the Pullman automobile have for many years been perfecting their product to a high standard of excellence. Their first model cost far more than the first Pullman Palace car—for nothing was adopted that did not measure up to their ideals of perfection in motor car construction. Each year has seen added improvements and refinements and a general trend in price reduction resulting from the elimination of experimental work, the wiping out of original overhead expenses, and from wider manufacturing experience.

In response to a popular demand for a low-priced car of quality, last year, the company brought out the famous Pullman for \$740. It was an instantaneous success. Nothing like it has ever been offered before. Nothing approaching it has been produced since. There was an immediate effort by some manufacturers to duplicate the Pullman price and standard. But an examination of the specifications of these cars, their size and body capacity, finish and general construction leaves the Pullman standing in a class by itself.

For 1916 the Pullman Company have gone beyond its expectations. Superior as last year's model was, the new car has set another new standard in size, roominess and mechanical superiority, and at the same price—\$740.

MONUMENTS

From time immemorial it has been the costume of the people to erect a monument for their dead as a symbol of love and affection. But a monument badly selected, poorly executed and of inferior material is worse than an unmarked grave. Therefore you want the very best.

Our Mr. Richmond's 45 years experience in monument business gives him that positive knowledge to help you select what is best and he will advise you what will be most suitable for your cemetery lot.

We have erected some of the best and largest monuments in your cemetery and it is a great pleasure to have among our customers some of the best people in your community.

We are now taking orders for monuments to be delivered next spring and we hereby respectfully solicit your patronage. Send us a postal card and we will come to see you. Our work is the best and our prices are very reasonable.

Respectively,

Hays Monument Company

MARKET REPORT

Kansas City Stock Yards, Dec. 21, 1915

Cattle sold strong and actively today, on receipts of 6000 head. Yesterday the supply footed up 17000 head, and the market was steady to strong on beef grades. Both yesterday and today the percentage of beef cattle in the supply has been light, and killers are apparently running short here this week. No extra choice cattle have been received this week, a few good 1400 to 1450 lb steers selling at \$8 to \$8.35 yesterday, and one lot of 1300-lb. steers today at \$8.25, this lot called 10 to 15 higher than yesterday. Bulk of the early sales of beef steers today were at \$6.40 to \$7.10, a few steers reaching \$7.50. Most of the cows sell at \$5.00 to \$6, choice heavy cows quotable up to \$6.75. Most of the heifers sell at \$6 to \$7.50, a few up to \$8.50, and bulls range from \$5.00 to \$5.75, veal calves \$8 to \$9. Stockers and feeders have been plentiful this week, and prices are steady on the best, weak to lower on medium to common kinds. Choice stockers sold up to \$8 yesterday, medium grades \$6 to \$7, some useful steers at \$5.50 to \$6, feeders largely \$6.40 to \$7.00. J. G. Imboden, of Decatur, Illinois, an authority on cattle finishing bought feeders here yesterday. Heretofore he has taken high grade, but this time he bought plain cheap steers, saying he believed there was more chance of getting a profit out of feeding that kind.

Hogs arrived to the number 19,000 head today and the market opened strong to 5 higher. The late market weakened and the close was 5 lower than yesterday. Top was \$6.65, bulk of sales \$6.20 to \$6.55. Liberal runs at all points continue, and local packers are bringing in large consignments of hogs bought on Northern markets for slaughter here, about 8000 hogs of this class arriving yesterday. Territory tributary to Kansas City has few hogs relatively than any other section just now, and receipts here are moderate.

Sheep and lambs have been holding up firm for a week, but the market struck a rough place today, prices 15 to 25 lower. Various lots of good fed Westerns from Kansas and from Colorado sold at the top, \$8.75 and a string of Idaho lambs brought \$8.50. Feeding lambs bring \$8 to \$8.25, fat yearlings \$7 to \$7.50, wethers up to \$6.50, good ewes around \$6. Some breeding ewes sold at \$6 yesterday, but trade in that kind is light. Receipts are 7000 today, and light receipts are expected the balance of the week.

J. A. RICKART,
Market Correspondent.

FREE FREE

On Saturday, December 25, Christmas day, one cigar will be given for every dime spent on tables at Smoke House. Come one, come all.
